Also includes
IPS and Vanity Units

RapidFit™ from Rearo offers an instant off the shelf solution when toilet cubicles are needed for a quick building or refurbishment programme.

Choice of 5 modern shades

Stone Grey

Denim

Aubergine

Alpine

Ontario Walnut

RapidFit™ is an 'off the shelf' toilet cubicle system to cater for the timescale demands that are often faced during refurbishment or new build programmes. The new updated system offers the complete solution for Toilet Cubicles, IPS (wall panelling) and Vanity units and will transform the most basic facility into a modern, functional washroom.

Now featuring five fashionable shades from leading industry supplier EGGER the system has never looked better - your own colour shades for doors, partitions, pillasters and IPS can be selected providing a unique design for each installation.

The option for colour contrast also complies with the Disability Discrimination Act (DDA) - an important aspect for all modern building requirements

All components come complete with the comprehensive 5 year warranty that you expect from Rearo.

Detailed installation instructions and expert help from Rearo staff is always available.

Disclaimer: Please note that the colours shown are a printed representation and we can not guarantee accuracy.

REARO - a name you can depend on

For more than 25 years Rearo have been creating the highest quality Laminate products and lead the way with innovation, design and quality.

Our head quarters including 48,000 sq ft of production facilities and our central sales office are based in Glasgow. However, we continue to expand our operation with additional trade counters now open in Lerwick, Inverness, Rosyth, Gateshead and Newport. Our "off the shelf" products are available at each of these locations.

All our products are provided with a comprehensive guarantee ensuring that you share our confidence in our products. When you buy from Rearo, you buy the peace of mind that comes with knowing that we are one of the UK's market leaders.

Our production team have worked hard over the last few years to gain accreditation for our ISO Quality Control & Systems (ISO9001), Health & Safety (ISO 18001) and our Environmental Performance (ISO 14001). These accreditations ensure that our products are manufactured to the highest standard in a safe, clean environment.

Features

Key features of Rapid Fit - Toilet Cubicle System

-  Available today 'off the shelf' direct from Rearo or your local distributor.
-  Designed to incorporate most standard sanitary ware sizes and covers entire washroom area. Includes toilet cubicles, vanity units, wall panels and IPS.
-  All components are well manufactured in 18mm MFC (melamine faced chipboard) with robust 2mm colour matched pvc edging.
-  Wall panels are fully de-mountable to allow easy maintenance access (with no face fixings showing).
-  Cubicles are supplied with the necessary corrosion resistant satin anodised aluminium ironmongery with anti-vandal screw fixings. All cubicle door panels come pre-routed for indicator bolt fitment.

Full Length Hinge

A special full-length hinge is available for areas requiring a more robust cubicle structure.

The hinge is also designed for restricted areas where the installer is required to shorten standard door sizes; The hinge covers the length of the door, hiding the cut edge.

#Please note that aluminium headrail is 3000 mm long.
*all weights are approximate

Vanity Units

RapidFit™ Vanity Units are designed to provide an excellent alternative to panel mounted basins. These versatile units can be tailored to suit up to three basins.

All exposed edges are rounded to avoid sharp corners.

Vanity Units come in two size specifications along with a corner sited kit.

Framing and cut-outs arranged by others. Framing Not supplied. Drawings not to scale.
